

NOBEL LECTURES

World Scientific was awarded the exclusive rights by the Nobel Foundation* to publish in English the entire collection of the Nobel lectures, the prize presentation speeches, and the biographies of the Nobel Laureates for the years 1901-1995 in Physics, Chemistry, Physiology or Medicine, Literature and Peace, and 1969-1995 for the Sveriges Riksbank Prize in Economic Sciences, in memory of Alfred Nobel.

For the first time, the Nobel lectures are available on CD-ROM. They comprise an electronic library offering many features which are unique to this format.

We hope you would find the contents of this CD-ROM an excellent source of reference on the historical perspective of the scientific and cultural developments in each of the respective fields.
